

CARD-LINKING FORM

BEFORE FILLING OUT THIS FORM, WE RECOMMEND YOU MAKE COPIES FOR FUTURE USE.

Card linking allows numerous cardholders to contribute to a common bank of points. To accomplish this all the cards that you list below will be linked together in our system. This will allow all cards to earn points but only the "Parent" card held by the Business owner will be able to spend the points.

To setup card linking please fill out the worksheet below and send the information to Jenny Hansen by fax at 208-735-2195 or e-mail jenny@kickbackpoints.com. You will receive a follow-up e-mail notifying you once your cards have been linked.

IMPORTANT NOTICE Please make sure that all cards listed below are registered. This way if a card is lost we can easily transfer points from the lost card to a new card to prevent loss of points or information. You can register your card(s) online at the kickbackpoints.com by calling the KickBack Points customer support center toll free at 888-339-7064.
